## OFFICE OF THE CITY CLERK

P.O. DRAWER 1209, CRESTVIEW, FLORIDA 32536

Phone # (850) 682 - 1560 Fax # (850) 682-8077

**August 31, 2020**

**6:00 PM**

**Council Chambers**

### **CITY COUNCIL SPECIAL MEETING**

**The Public is invited to view our meetings on the City of Crestview Live stream a a <https://www.cityofcrestview.org/546/Agendas-Minutes> or the City of Crestview Facebook Page. You may submit questions on any agenda item in advance (by 3:00 PM the day of the meeting, please) to [cityclerk@cityofcrestview.org](mailto:cityclerk@cityofcrestview.org).**

**1. Call to Order**

**2. Pledge of Allegiance**

**3. Open Special Meeting**

**4. Approve Agenda**

**5. Action Items**

5.1. Ordinance 1783, an ordinance of the City of Crestview establishing a Stormwater Utility

5.2. Resolution 20-13 to create a new Comprehensive Fee Schedule

**6. Comments from the Audience**

**7. Comments from the Mayor and Council**

**8. Adjournment**

Note: The Presentations section is for items that were submitted by a citizen or group of Citizens no later than the Wednesday 2 weeks prior to the meeting to the Clerk's office for approval. These items will be scheduled under the section titles Presentations and Reports. Supporting documents must be submitted at this time to be on the regular agenda. All Action Item are for staff and elected officials only and must be submitted for approval no later than the Wednesday 10 days prior to the meeting. Those not listed on the regular agenda who wish to address the council should fill out a yellow card. The Card must be submitted to the City Clerk. Speaking time should be three minutes or less, large groups may designate a spokesperson. All remarks should be addressed to the Council as a whole and not to individual members. All meeting procedures are outlined in the Meeting Rules and Procedures brochure available outside the Chambers. If any person decides to appeal any decision made by the City Council with respect to any matter considered at such meeting or hearing, he or she will need a record of the proceedings, and that, for such purpose, he or she may

need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based. The City Council of the City of Crestview, Florida does not discriminate upon the basis of any individual's disability status. Anyone requiring reasonable accommodation as provided for in the American With Disabilities Act to insure access to and participation in the meeting should contact the Office of the City Clerk at (850)682-1560 prior to the meeting to make appropriate arrangements.

Any invocation that is offered before the official start of the City Council meeting shall be the voluntary offering of a private person, to and for the benefit of the City Council. The views or beliefs expressed by the invocation speaker have not been previously reviewed or approved by the City Council or the city staff, and the City is not allowed by law to endorse the religious beliefs or views of this, or any other speaker. Persons in attendance at the City Council meeting are invited to stand during the opening invocation and Pledge of Allegiance. However, such invitation shall not be construed as a demand, order, or any other type of command. No person in attendance at the meeting shall be required to participate in any opening invocation that is offered. A person may exit the City Council Chambers and return upon completion of the opening invocation if a person does not wish to participate in or witness the opening invocation.

# Staff Report

CITY COUNCIL MEETING DATE: August 31, 2020

TYPE OF AGENDA ITEM: Ordinance

---

TO: Mayor and City Council  
CC: City Manager, City Clerk, Staff and Attorney  
FROM: Tim Bolduc, City Manager  
DATE: August 31, 2020  
SUBJECT: Ordinance 1783, an ordinance of the City of Crestview establishing a Stormwater Utility

---

## **BACKGROUND:**

During the budget process for the 2020 budget the City Council discussed the establishment of a stormwater utility for the purpose of properly funding stormwater activities within the City.

The City Council held two workshops to discuss the findings of the water and sewer rate study and the impact and appropriateness of stormwater expenses being funded through the Water and Sewer Utility Fund.

## **DISCUSSION:**

On July 30th, 2020, the City Council voted unanimously to establish a stormwater utility and set forth the methodology for determining the rate.

The process for administrating the fees associated with the stormwater utility will be as follows;

1. The city staff, working with consultants from Jacobs Engineering, established an equivalent residential unit (ERU) for stormwater impact of 3,000 sq ft of impervious space.
2. The established rate per ERU will be \$2.50.
3. Improved residential properties will be charged a single ERU each month on their utility bill. In the rare cases where a resident receives neither water nor sewer services from the City a separate bill will be sent.
4. Improved Commercial properties will be charged one ERU for the first 10,000 sq ft of impervious space and 1 additional ERU for each 3,000 sq ft of impervious space over the initial 10,000.sq ft.
5. City Staff will, within the first 2 years of adoption, complete an assessment of each commercial property to determine total impervious space. Until such time as this assessment is complete, commercial properties will be assessed at the assumed coverage rate of 70% of the total lot.
6. For the initial creation of the Stormwater Utility and the adoption of a fee for such, Staff has provided in the attached ordinance that a cap be placed on commercial properties. The initial cap will be at 10 ERUs for commercial properties.

7. At any time, property owners can challenge the coverage used to determine the monthly rate or complete stormwater treatment mitigation in accordance with the provisions found in the ordinance

Using the methodology provided above, the projected revenue generated will be as follows;

| Property Type         | Number | ERU # | Rate | Total Collection |
|-----------------------|--------|-------|------|------------------|
| Residential           | 10367  | 10367 | 2.5  | \$25,917.50      |
| Commercial            | 752    | 2997  | 2.5  | \$7,492.50       |
| Collections per month |        |       |      | \$33,410.00      |
| Collections Per Year  |        |       |      | \$400,920.00     |

### **GOALS & OBJECTIVES**

This item is consistent with the goals in A New View Strategic Plan 2020 as follows;

**Foundational-** these are the areas of focus that make up the necessary foundation of a successful local government.

*Financial Sustainability-* Achieve long term financial sustainability

*Organizational Capacity, Effectiveness & Efficiency-* To efficiently & effectively provide the highest quality of public services

*Infrastructure-* Satisfy current and future infrastructure needs

*Communication-* To engage, inform and educate public and staff

**Quality of Life-** these areas focus on the overall experience when provided by the city.

*Community Character-* Promote desirable growth with a hometown atmosphere

*Safety-* Ensure the continuous safety of citizens and visitors

### **FINANCIAL IMPACT**

The adoption of the ordinance as submitted is projected to provide \$568,980.00 in revenue which will be used to fund the newly created stormwater utility.

### **RECOMMENDED ACTION**

Staff respectfully requests adoption of Ordinance 1783 on second reading.

### **Attachments**

None

## **ORDINANCE NO. 1783**

**AN ORDINANCE OF THE CITY OF CRESTVIEW, FLORIDA RELATING TO STORMWATER MANAGEMENT; PROVIDING FOR A STORMWATER UTILITY; SPECIFYING TERMS AND PROCEDURES FOR SAID UTILITY; PROVIDING FOR RATES AND CHARGES; PROVIDING FOR AUTHORITY; PROVIDING FOR SEVERABILITY; PROVIDING FOR SCRIVENER'S ERRORS; PROVIDING FOR LIBERAL INTERPRETATION; PROVIDING FOR REPEAL OF ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT HERewith AND PROVIDING FOR AN EFFECTIVE DATE.**

WHEREAS, the City of Crestview, Florida, desires to develop a Stormwater Utility to finance the operation, construction, and maintenance of stormwater devices (now existing or to be constructed); for stormwater system planning; for review of development plans for compliance with stormwater management codes; and for bay, spring, and river quality management;

WHEREAS, Section 403.0893, Florida Statutes, authorizes the City to establish one or more stormwater utilities and adopt stormwater utility fees or assessments sufficient to plan, construct, operate, and maintain stormwater management throughout the City, and to establish and set aside, as a continuing source of revenue, other funds sufficient to plan, construct, operate, and maintain stormwater management systems throughout the City;

WHEREAS, Section 403.0893(3), Florida Statutes, authorizes the City to create, alone or in cooperation with the other counties, municipalities, and special districts, one or more stormwater management system benefit areas within Okaloosa County, Florida, and specifically providing all property owners within the benefit areas may be assessed a Stormwater Utility fee or assessment to fund the planning, construction, operation, maintenance, and administration of a public stormwater management system for the benefited area;

WHEREAS, Section 403.0893(3), Florida Statutes, further provides the fees to be assessed within stormwater management system benefit areas shall be calculated to generate sufficient funds to plan, construct, operate, and maintain stormwater management systems, and authorizes the City to utilize the non-ad valorem levy, collection, and enforcement methods provided for in Chapter 197, Florida Statutes;

WHEREAS, the City is responsible for the maintenance and expansion of its existing stormwater system which has been developed over a number of years for the purpose of collecting and disposing of stormwater;

WHEREAS, stormwater facilities, including but not limited to earthen works such as lakes, dams and ditches within the City have been and remain an integral part of traditional stormwater

management and continued maintenance programs are necessary to preserve water quality in and around the City;

WHEREAS, the City has concluded that it is necessary and essential to continue to construct improvements and extensions to the existing system to ensure that the collection and disposal of stormwater within the City adequately protects the health, safety, and welfare of the citizens of the City of Lakeland;

WHEREAS, the cost of operating and maintaining all stormwater management systems, and the financing of existing and future necessary repairs, replacements, improvements, and extensions thereof, should to the extent practicable, be allocated in relationship to the benefits enjoyed and services received therefrom; and

WHEREAS, the City has concluded that creation of a stormwater management system and continued construction of improvements and extensions to the existing system, together with the adoption of this Ordinance to ensure that the collection and disposal of stormwater within the City and stormwater management system benefit areas during the coming fiscal year, under the terms, conditions, and criteria set forth herein, is necessary to protect the health, safety, and welfare of the citizens of the City.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CRESTVIEW, FLORIDA:

## **SECTION 1 - FINDINGS AND PURPOSE OF UTILITY.**

(1) Findings of Ordinance. The foregoing findings are incorporated herein by reference and made a part hereof. The City further finds uncontrolled drainage and development of land has a significant adverse impact upon the health, safety, and welfare of the Crestview community. Further, the City of Crestview finds as follows:

- a. Stormwater runoff is capable of carrying pollutants into receiving bodies, thereby degrading water quality;
- b. The increase in nutrients, such as phosphorous and nitrogen, resulting from stormwater runoff accelerates eutrophication of receiving water bodies and adversely affecting flora and fauna;
- c. Improperly channeling water increases the velocity of stormwater runoff and increases erosion and sedimentation;
- d. Construction requiring the alteration of natural topography and removal of vegetation tends to increase erosion;
- e. Siltation of water bodies resulting from increased erosion decreases the capacity of water bodies to hold and transport water, interferes with navigation, and harms flora and fauna;

- f. Impervious surfaces increase the volume and rate of stormwater runoff and allow less water to percolate into the soil, thereby decreasing groundwater recharge;
- g. Improperly managed stormwater runoff may increase the incidence and intensity of flooding, which endangers property and human welfare;
- h. Improperly managed stormwater runoff may interfere with the maintenance of river quality and disrupt biological productivity;
- i. Substantial economic losses may result from adverse impacts upon the waters of the Shoal River and Yellow River ecosystems;
- j. The City maintains a system of storm and surface water management facilities including, but not limited to, conduits, manholes, channels, ditches, drainage easements, retention and detention basins, infiltration facilities, and other components as well as natural waterways;
- k. The stormwater system in the City needs regular maintenance and improvements;
- l. All real property in the City either uses or benefits from the maintenance of the existing stormwater system and enhancements thereto;
- m. The extent of use of the stormwater system by each property depends upon factors, such as land use and the amount of impervious surface on the property, which influence runoff;
- n. The costs of improving, maintaining, operating, and monitoring the stormwater system should be allocated, to the extent practicable, to all property owners based in part on the impact of runoff from the impervious areas of their property on the system;
- o. Management of the system to protect the public health, safety, and welfare requires adequate revenues, and it is in the interest of the public to finance stormwater management adequately with a reasonable and equitable user charge system so each user of the system pays to the extent to which the user contributes to the need for the system.

(2) Purpose of Ordinance. The purpose of this ordinance is to protect, maintain, and enhance the immediate and long-term health, safety, and general welfare of the citizens of the City. In order to effectuate this purpose, this ordinance has the following objectives:

- a. To establish a Stormwater Management Program in the City that is mutually compatible with those developed by the Florida Department of Environmental Protection, the Northwest Florida Water Management District, and other local governmental entities;

- b. To develop a Stormwater Management Program which is responsible for the construction, operation, and maintenance of stormwater devices; for stormwater system planning; for review of development plans for compliance with stormwater management codes; and for river quality management;
- c. To create one or more stormwater management system benefit areas and adopt Stormwater Utility fees sufficient to plan, construct, operate, and maintain stormwater management systems throughout the City;
- d. To encourage productive and enjoyable harmony between humanity and nature;
- e. To protect, restore, and maintain the chemical, physical, and biological integrity of community waters;
- f. To prevent individuals, business organizations, and governments from causing harm to the community by activities which adversely affect water resources;
- g. To encourage the construction of drainage systems which aesthetically and functionally approximate natural systems;
- h. To encourage the protection of natural systems, and the use of those systems in ways not impairing their beneficial functioning;
- i. To encourage the use of drainage systems which consume minimal electrical energy and petroleum fuels when operating;
- j. To minimize the transport of pollutants to community waters;
- k. To maintain or restore groundwater levels;
- l. To minimize erosion and sedimentation;
- m. To prevent damage from flooding, while recognizing that natural fluctuations in water levels are beneficial;
- n. To protect, restore, and maintain the habitat of fish and wildlife; and
- o. To seek interlocal agreements with the various governmental entities located within the Shoal and Yellow River watersheds to ensure cooperative efforts toward joint development of compatible and efficient stormwater management programs.

## **SECTION 2 - DEFINITIONS FOR UTILITY.**

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a

different meaning. Words not defined in this section shall be construed to have the meaning given by common and ordinary use as defined by the latest edition of Webster's Dictionary.

*Benefit Area* means the geographic area within the municipality, as determined by the Director, within which customers are subject to the Fee and benefit from the System. Property located within the Benefit Area may remain subject to flooding and other adverse stormwater impacts.

*Bonds* means revenue bonds, notes, loans or any other debt obligations issued or incurred to finance the Program.

*Customer* means any person located in the Benefit Area who owns, leases, or otherwise is responsible for payment of the Fee charged to a property. A person owning, leasing, or otherwise responsible for a property not containing Impervious Surface is not a customer.

*Debt Service* means, with respect to any particular fiscal year and any particular series of Bonds, an amount equal to the sum of all interest payable on such Bonds during such fiscal year plus any principal installments of such Bonds during such fiscal year.

*Developed Property* means real property which has been altered from its original state by the addition of any improvements, such as a building, structure, or impervious surface. For new construction, property shall be considered developed pursuant to this Ordinance (a) upon issuance of a certificate of occupancy, or upon completion of construction or final inspection if no such certificate is issued; or (b) if construction is at least 50 percent complete and construction is halted for a period of three (3) months.

*Director* means the director of Department of Public Services.

*Dwelling Unit* means a single unit or apartment providing complete, independent living facilities for one or more persons, including permanent provisions for living, sleeping, eating, cooking, and sanitation.

*Equivalent Residential Unit or ERU* means the assigned unit of square footage of Impervious Surface Area of a detached single-family residential property located within the City and as established in Exhibit A hereto, as amended or modified from time to time by resolution of the City Council..

*ERU Rate* means any portion of the Utility Fee charged per ERU, as established in Exhibit A and as amended or modified from time to time by resolution of the City Council.

*Fee, Stormwater Utility Fee, or Utility Fee* means the monetary charge established under this ordinance, levied on owners or users of parcels or pieces of real property in the system benefit area, and being sufficient to fund, construct, operate, and maintain the stormwater management system. The Director shall base the Fee upon the equitable unit cost approach

and design the funding to generate capital to retrofit existing stormwater management systems, build new treatment systems, operate facilities, and maintain and service debt. The stormwater utility fee is in addition to any other fee the municipality has the right to charge under any other rule or regulation of the municipality. The Fee is established to fund all or a portion of the Operating Budget.

*Impervious Surface* means a human-made surface compacted or covered with material resistant to infiltration by water and impeding or restricting percolation of surface water into the soil. Impervious surfaces include but are not limited to: most conventionally-surfaced streets, roofs, roof extensions, sidewalks, patios, driveways, parking lots, oiled, graveled, graded, or compacted surfaces, porches, sidewalks, parking areas and athletic courts, and semi-impervious areas, such as compacted clay and pavers.

*Impervious Surface Area* means the number of square feet of horizontal surface covered by impervious surfaces. Measurements to determine impervious surface area should be made between exterior or outermost portions of the impervious surface.

*Levy* means the imposition and collection of a non-ad valorem assessment, stated in terms of rates, against all appropriately located property by a governmental body authorized by law to impose non-ad valorem assessments.

*Operating Budget* means the annual Utility operating budget adopted by the City for one Fiscal Year.

*Operation and Maintenance* means the current expenses, paid or accrued, of operations, maintenance, and current repair of the system, as calculated in accordance with sound accounting practice, and includes, but is not limited to, insurance premiums, administrative expenses, labor, executive compensation, materials and supplies costs for current operations, and charges for the accumulation of appropriate reserves for current expenses not annually incurred, but which may reasonably be expected to incur in accordance with sound accounting practice.

*Person* means a natural or artificial person (such as a corporation) recognized by law to have the rights and duties of a human being. Person means the state or any agency or institution thereof, the United States or any agency or institution thereof, or any municipality, political subdivision, public or private corporation, individual, partnership, association, or other entity and includes any officer or governing or managing body of the state, the United States, any agency, any municipality, political subdivision, or public or private corporation.

*Property Owner* includes any person who has the right to possess, use, and convey title of real property. Property owner may include a tenant, if chargeable under tenant's lease for the maintenance of the subject real property, and any agent of the owner or tenant, including the developer.

*Residential Utility Customer* means a Stormwater Utility Customer who lives in a dwelling

unit. Residential Utility Customer does not include the place where a corporation or other enterprise conducts or is authorized to conduct business.

*Revenue* means all rates, fees, assessments, rentals or other charges or other income received by the Utility, in connection with the management and operation of the System, including amounts received from the investment or deposit of moneys in any fund or account and any amounts contributed by the City, all as calculated in accordance with sound accounting practice.

*Single Family Residence* means a developed property, which serves the primary purpose of providing a permanent dwelling unit to a single family. A single family detached dwelling or a Townhouse containing an accessory apartment, or second dwelling unit is included in this definition.

*Stormwater* means the flow of water which results from a precipitation event and includes, but is not limited to, stormwater runoff, surface runoff, street wash, waters related to street cleaning or maintenance, and drainage.

*Stormwater Management Program* means the comprehensive strategies for dealing with stormwater quantity and quality issues. Stormwater management includes, but is not limited to, the planning, design, construction, regulation, improvement, repair, maintenance, and operation of facilities and programs relating to water, floodplains, flood control, grading, erosion, tree conservation, and sediment control.

*Stormwater Management Fund, Enterprise Fund, or Fund* means the fees, special assessments, and other revenue collected by the Director exclusively to fund the planning, construction, operation, and maintenance of the city's stormwater management system.

*Stormwater Management System* means a system which is designed, constructed, or implemented to control discharges caused by precipitation events and incorporates methods to collect, convey, store, absorb, inhibit, treat, use, or reuse water to prevent or reduce flooding, over drainage, environmental degradation, and water pollution, or otherwise affect the quantity and quality of discharges from the system.

*Stormwater Utility or Utility* means the funding of a Program by assessing to the beneficiaries the cost of the program based on their relative contribution to its need. The Stormwater Utility operates as a typical utility, which bills services regularly, similar to water and wastewater services.

*Stormwater Utility Customer* means a person to whom the Utility Fee is assigned and billed.

*User* means the owner of record of property or other party subject to the Utility Fee imposed by this ordinance.

#### **SECTION 4 - CREATION OF UTILITY.**

(1) Establishment of Utility. Pursuant to the home rule power of Article VIII, Section 2(b) of the Florida Constitution, Florida Statutes Chapter 166, as amended, and Florida Statutes Sections 403.0891 and 403.0893, as amended, the City of Crestview hereby establishes a stormwater management utility. The Director of the utility shall be responsible for the City's stormwater management program and system and for all activities and facilities necessary to provide control of stormwater quantity and quality in the City.

(2) Powers and Duties of Director. The Director shall administer the stormwater management program. The Director may take any reasonable measures necessary to administer the stormwater management program, including, but not limited to:

- a. Charge a Fee to customers within the Benefit Area;
- b. Prepare necessary regulations to implement the ordinance, forward the regulations to the city council for consideration and adoption, and adopt any procedures required to implement the regulations or carry out other responsibilities for the effective administration of the System;
- c. Administer the acquisition, design, construction, maintenance, and operation of the System, including capital improvements designated in the stormwater management plan;
- d. Administer, interpret, and enforce this ordinance and all regulations and procedures adopted relating to the design, construction, maintenance, operation, and alteration of the system, including but not limited to the quantity, quality, and/or velocity of the stormwater conveyed;
- e. Inspect private systems as necessary to determine the compliance of such systems with this ordinance and any regulations adopted under this division;
- f. Advise the City Council, City Manager, and other City departments on matters relating to the system;
- g. Prepare and revise a comprehensive stormwater management program for adoption by the city council at least every five years;
- h. Review, inspect, approve, and deny plans for extensions to the system;
- i. Establish and enforce regulations to protect and maintain water quality within the system in compliance with established federal, state, and local water quality standards as adopted or amended;
- j. Ensure an adequate and stable Fee to achieve a stable financial position for the system by analyzing and amending:
  - i. the cost of services and benefits provided;

- ii. the system and structure of the stormwater management assessments and other fees, charges, fines, and revenues of the system; and
  - iii. any other factors relevant to maintaining a stable financial position; and
- k. Seek any grant capable of funding capital improvements for stormwater management.

## **SECTION 5 – ESTABLISHMENT OF EQUIVALENT RESIDENTIAL UNIT AND RATE.**

(1) Establishment of the Equivalent Residential Unit. For purposes of calculating the rates to be charged, the City establishes the equivalent residential unit (ERU) as set forth in Exhibit A.

(2) Determination of ERU. The Director, considering the general acceptance and use by other stormwater systems of a source and the reliability and general accuracy of the source, may determine the source of data from which to determine the ERU. Using the property tax assessor's rolls, site examination, mapping information, aerial photographs, and other reliable information the Director shall determine the ERU to apply to all non-exempt property within the benefit area, which determination shall be made not more frequently than annually and the City Council may thereafter adopt such determination.

(3) ERU Rate. The City Council hereby authorizes the imposition of Fees on Developed Property within the City, in the amounts set forth in Exhibit A attached hereto, which may be amended from time to time by resolution of the City Council on recommendation of the Director.

(4) Multiple ERUs. Commercial, Industrial and Institutional zonings may be responsible for multiple ERU fees. Exhibit A, as amended from time to time by resolution of the City Council, sets forth the current ERU fees.

## **SECTION 6 - IMPLEMENTATION OF FEE.**

(1) Imposition of Fee. The Director shall impose on all non-exempt properties containing impervious surface and located within the benefit area Fees as set forth in Exhibit A, as subsequently amended by the City Council by resolution.

(2) Charges in Fee. The Director shall include in the fee the following types of charges:

- a. Charge for Services. The Director shall include in the fee a service charge reflective of the cost of providing services and facilities to properly control stormwater runoff quantity and quality. In determining the service charge, the director shall consider the factors:
  - i. The amount of impervious surface area in the benefit area;
  - ii. The intensity of development within the benefit area;

iii. The type of land uses in the benefit area; amount, if any, of on-site stormwater treatment.

b. Charges for Administrative and Public Facilities. The Director shall include in the fee administrative and public facilities charges intended to recover the stormwater management costs of service unrelated to the size or intensity of development of properties. The Director may include in the Administrative and Public Facilities Charges:

i. The cost of billing and accounting and administrative and overhead expenses;

ii. The cost of managing runoff from public facilities; and

iii. Other appropriate administrative and public facilities costs.

c. Charges for Special Circumstances. The Director, if appropriate, shall include in the Fee special charges structured to recover the cost of providing to certain persons, entities, and properties stormwater management services not commonly required by all customers. Such stormwater management services may include, but are not limited to, plan review and inspection, site inspections, water quality monitoring and mitigation activities, and actions to abate private property conditions not complying with adopted city standards or interfering with proper stormwater management.

(4) Special Assessment Districts. If the Director deems it necessary to adequately control and treat stormwater runoff, the Director may create a special assessment district within the benefit area and charges to customers in the special assessment district all or a portion of the associated costs to construct, replace, retrofit, implement, operate, or maintain a stormwater conveyance and management system for that particular area.

**SECTION 7 – SUFFICIENCY OF UTILITY RATE; CHANGES TO RATE.** The Utility Fee each fiscal year shall be an amount necessary to generate sufficient funds to plan, construct, operate, and maintain the system. The City Council may change the Fee, the ERU, or the ERU Rate from time to time by resolution.

## **SECTION 8 - COLLECTION OF FEE.**

(1) Schedule of Billing. The Director shall mail to all Customers a monthly stormwater utility bill.

(2) Method of Payment. The customer shall pay to the Director, in person or by mail, the Fee.

(3) Schedule of Payment. The customer shall pay the fee on or before the due date stated on the bill.

(4) Combination of Utility Bills. If the Director elects to combine the stormwater utility fee with other utility in the same bill, the city utility department shall render a monthly utility bill containing the stormwater utility fee and any other utilities.

(5) Collection with Tax Rolls. If desired, the City Council may by resolution elect to use the uniform method of collecting the Stormwater Utility Fee pursuant to Florida. Stat. § 197.3632.

## **SECTION 9 - REVENUE SOURCES FOR UTILITY.**

(1) Sources of Funding. The stormwater utility funding sources may include the following:

- a. Fees;
- b. civil penalties and damage assessments imposed for or arising from the violation of the stormwater utility ordinance;
- c. Stormwater permit fees, impact fees and inspection fees;
- d. Other funds or income obtained from federal, state, local, and private grants or revolving funds;
- e. Bonds issued using future stormwater utility revenue as collateral; and
- f. Any other reasonable means.

(2) Insufficiency of Fee Revenue. If the fee revenues collected are insufficient to finance the operation of the utility, the City's governing body may authorize funding from other City funds.

**SECTION 10 - ESTABLISHMENT OF ENTERPRISE FUND.** There is hereby established an enterprise fund exclusively for the deposit and withdrawal of all revenue collected pursuant to this ordinance. The Director shall use the enterprise fund for the independent and separate accounting of all revenues, expenditures, assets and liabilities, and earnings and obligations of the utility and including the following purposes:

- (a) The acquisition by gift, purchase, or condemnation of real and personal property and interests therein, necessary to construct, operate, and maintain stormwater control facilities;
- (b) All costs of administration and implementation of the stormwater management program, including the establishment of reasonable operating and capital reserves to meet unanticipated or emergency stormwater management requirements;
- (c) Engineering and design, debt service and related financing expenses, construction costs for new facilities, and enlargement or improvement of existing facilities;

- (d) Operation and maintenance of the System;
- (e) Monitoring, surveillance, and inspection of stormwater control devices;
- (f) Water quality monitoring and water quality programs;
- (g) Retrofitting developed areas for pollution control;
- (h) Inspection and enforcement activities;
- (i) Billing and administrative costs; and
- (j) Other activities reasonably required to carry out the stormwater management program.

**SECTION 11 - EXEMPTION FROM FEE.** Except as provided in this section, the Director shall not exempt any customer from the Fee. The Director shall not exempt or reduce a customer's fee based on, but not limited to, age, tax, economic status, or race. The Director shall implement the following exemption guidelines:

- (a) Government Entity Exemptions. The Director may exempt from the fee governmental agencies owning real property within the designated Benefit Area;
- (b) Churches and Religious Establishments. The Director may exempt from the fee churches and religious establishments owning real property within the designated Benefit Area;
- (c) Tax Exempt Properties. The Director shall not exempt a customer owning tax-exempt property under Florida law and located within the Benefit Area;
- (d) Public Lands and Buildings. The Director shall exempt from the fee all public lands and buildings, including all publicly owned lands used for public purposes, including offices, maintenance yards, storage facilities, park and recreation facilities, libraries, schools, colleges, universities, and public housing. Nonexempt customers subject to the fee, through the public facilities charge, shall share proportionally the cost of providing stormwater management services to the public lands and buildings.
- (e) Undeveloped Property. Real property that does not contain any impervious surfaces including improved land without structures.
- (f) Streets, Highways, and Railroads; and

**SECTION 12 - ADJUSTMENT OF CUSTOMER ERU.**

- (1) Availability of Adjustment. The Director may adjust up or down a customer's ERU.
- (2) Basis for Adjustment. All adjustments will be made based on credits. The Director

shall consider the location, geography, size, use, impervious area, on-site facilities, and any other factors for determination of credit. A customer may be eligible for a credit if the customer has installed a stormwater management facility to the standards specified in this document. The City Land Development Code mandates stormwater management facilities to minimize the qualitative and quantitative impacts of runoff and ensure compliance with state and federal requirements. Credits will be made based on facilities that significantly exceed design criteria specified in Land development Code. Customers are eligible for a maximum credit of 60 percent. The following credits are available for stormwater management facilities:

- a. A facility that provides additional rate and volume control. The current City code requires volume and rate control for a 25-year storm event. A facility that provides volume and rate control for a 100-year storm event has provided a significant reduction in impacts. This reduction is eligible for a maximum credit of 30 percent.
- b. A facility that controls runoff from an upstream tributary area, which means controlling runoff from offsite. An example would be a 10-acre site that collects runoff from 5 acres of upstream land. The offsite area is significant compared to the onsite and is in addition to the onsite. This additional runoff is eligible for a maximum credit of 30 percent. In this case the post development condition for the offsite must be calculated based on complete build-out as determined from the current zoning.

All plans and engineering reports required for credits must be prepared by a professional engineer registered in the State of Florida. For an existing site a customer can at their expense hire a professional engineer to prepare documents to demonstrate these standards. A stormwater management facility receiving credit must be privately maintained in strict compliance with city and state standards to ensure it functions as designed at all times. Failure to do so will result in loss of credit.

(3) Procedure for Adjustment. A customer shall submit to the Director any request for ERU adjustment. The Director, when responding to ERU adjustment requests, shall apply the following procedures and may, as needed, develop different or additional procedures:

- a. Submission of Petition. Any customer may submit to the Director a petition for ERU adjustment. The customer shall include in the petition his or her contact name and address, the property address, the subdivision name, a property sketch, the total amount of impervious area, the total lot or parcel size, the location and size of any on-site or off-site stormwater treatment facilities, a legal description of the real property affected, a summary description of the asserted error or basis for exemption, variance, or mitigation, and the relief requested.
- b. Grounds for Appeal. If a customer submits a petition, the customer shall submit the petition in writing and set forth, in detail, the grounds upon which the customer seeks relief. Grounds for appeal of the ERU may include, but are not limited to:

- i. incorrect property classification for purposes of determining the ERU;
  - ii. errors in the property's impervious surface area square footage;
  - iii. mathematical errors in calculating the property's applicable ERU;
  - iv. errors identifying the property owner of a fee-subject property; and
  - v. presence of on-site stormwater treatment facilities.
- c. Supplemental Information for Decision. The Director may require the petitioning customer, at the customer's expense, to provide supplemental information to the Director including, but not limited to, survey data approved by a registered professional land surveyor and engineering reports approved by a professional engineer. The Director may deny a customer's petition based on the failure to provide such information.
- d. Factors for Decision. When evaluating a petition for adjustment, the Director shall consider all relevant information and may consider:
  - i. Any on-site stormwater treatment facilities which are permitted by the local water management district, and
  - ii. Any on-site stormwater treatment facilities not requiring or having a local water management district permit but providing stormwater quality treatment consistent with the municipality's natural resource protection ordinance(s), the municipality's land development regulations, and the water quality standards for treated stormwater set forth in the Florida Administrative Code.
- e. Timing and Notice of Decision. The Director, on or before ninety (90) days after receipt by the Director of a customer's completed petition, shall review and render a decision on the petition. The Director, in writing, shall provide notice to the petitioner in writing of acceptance or denial of a petition.
- f. Retroactivity of Adjustment Decision. The Director shall retroactively apply to the customer's first billing cycle any grants of adjustment resulting from a customer's petition. Retroactive adjustment will not exceed one (1) year, and the Director shall apply reimbursement the customer's future fee collections.
- g. Appeal of Denial. If the Director denies a customer's petition, the customer, on or before the thirtieth (30) day after the Director renders a final decision on the petition, a customer may appeal to the City's Board of Adjustment for review,

which Board shall render a final decision within 60 days. Procedures before the Board of Adjustment shall be subject to then-existing rules governing quasi-judicial procedures.

### **SECTION 13 - VIOLATION OF ORDINANCE.**

(1) Determination of Violation. If a customer does not pay all or a portion of the fee on or before the thirtieth day after the Director mails the bill, the customer's bill becomes delinquent, and the Director may determine the customer to be in violation of this ordinance.

(2) Notice of Delinquency. The Director, on or before the fifteenth day after a customer's bill becomes delinquent, shall mail or deliver to the customer a notice of delinquency.

(3) Penalty for Violation. If a customer violates this ordinance and the Director mails the bill combined with other municipal utilities, the city may discontinue those utility services, including, but not limited to, electric, garbage collection, water and wastewater, listed on the combined bill. To the maximum extent allowed by law, the Director may fine a customer in violation of this ordinance and charge interest on any portion of a customer's delinquent fee remaining unpaid. The Director may recover from a customer any attorney's fees incurred in collecting delinquent fees. If using the uniform method of collection, the Director may also pursue enforcement methods as provided for in Florida Statutes Chapter 197.

**SECTION 14 - BORROWING.** The City may issue bonds, notes, or other evidences of indebtedness (referred to here as “bonds”) to finance or refinance the costs of the system and to pay the costs of issuing the bonds. If the City elects to use bonds, the City shall issue the bonds pursuant to an ordinance adopted by a majority plus one vote of the City Council, and the ordinance shall set forth the use and disposition of the proceeds of the bonds, the maturity date of the bonds and their interest rate or rate of accretion if applicable, the manner and method of payment, the rights and remedies of the holders thereof, the security for repayment and other covenants or conditions as the City Council may deem proper. The provisions of the bond ordinance and general law will be the only limitations and restrictions regarding the issuance of bonds.

**SECTION 15 - SEVERABILITY OF ORDINANCE.** If any provision, section, paragraph, sentence, clause, or portion of this ordinance or the application thereof to any person or circumstance, is, for any reason, held invalid or unconstitutional by a court of competent jurisdiction, such provision shall be deemed a separate, distinct, and independent provision, and such holding shall not affect the validity of the remaining provisions or portions thereof.

**SECTION 16 - SCRIVENER’S ERRORS.** The correction of typographical errors which do not affect the intent of this Ordinance may be authorized by the City Manager or the City Manager’s designee, without public hearing, by filing a corrected or re-codified copy with the City Clerk.

**SECTION 17 - ORDINANCE TO BE LIBERALLY CONSTRUED.** This Ordinance shall be liberally construed in order to effectively carry out the purposes hereof which are deemed not to adversely affect public health, safety, or welfare.

**SECTION 18 - REPEALER.** All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed to the extent of such conflict.

**SECTION 19 - EFFECTIVE DATE.** This ordinance shall take effect on the sixth business day following adoption, unless the Mayor declines to exercise the veto power in writing after adoption.

PASSED AND ADOPTED ON SECOND READING BY THE CITY COUNCIL OF CRESTVIEW, FLORIDA ON THE \_\_\_\_\_ DAY OF \_\_\_\_\_, 2020.

ATTEST:

\_\_\_\_\_  
ELIZABETH M. ROY  
City Clerk

APPROVED BY ME THIS \_\_\_\_\_ DAY OF \_\_\_\_\_, 2020.

\_\_\_\_\_  
J. B. WHITTEN Mayor

## **EXHIBIT A**

### **RESIDENTIAL STORMWATER UTILITY FEE:**

*\$2.50 Monthly Fee/ERU*

*Each developed residential property is one ERU regardless of impervious area*

### **NON-RESIDENTIAL STORMWATER UTILITY FEE:**

- 1. \$2.50 Monthly Fee/ERU, where the first ERU is equal to 10,000ft<sup>2</sup> of impervious area; plus*
- 2. \$2.50 Monthly Fee/ERU for each additional 3,000ft<sup>2</sup> of additional impervious area up to a maximum of 9 additional ERUs (a total monthly maximum of 10 ERUs or \$25.00). Fractions round to the next whole number (i.e., 3.4 rounds to 4).*

*An impervious surface of 70% of the parcel will be used to determine the Fee until the actual impervious service can be established.*

Credit A: Up to 30% reduction given for volume/rate control in excess of design storm

Credit B: Up to 30% reduction given for significant control of offsite runoff

**Fee Calculation Table**

|                       | <u><b>Exempt*</b></u> | <u><b>Residential</b></u> | <u><b>Non-Residential**</b></u>                                                           |
|-----------------------|-----------------------|---------------------------|-------------------------------------------------------------------------------------------|
| ERU Rate              | \$0                   | \$2.50                    | $\{ 1 + (\text{IMP ft}^2 - 10,000\text{ft}^2) / 3000\text{ft}^2 \} \times \$2.50$         |
| ERU Rate (30% credit) | \$0                   | \$2.50                    | $\{ 0.7 [ 1 + (\text{IMP ft}^2 - 10,000\text{ft}^2) / 3000\text{ft}^2 ] \} \times \$2.50$ |
| ERU Rate (60% credit) | \$0                   | \$2.50                    | $\{ 0.4 [ 1 + (\text{IMP ft}^2 - 10,000\text{ft}^2) / 3000\text{ft}^2 ] \} \times \$2.50$ |

\* Exempt properties include: Churches, Municipal buildings, Schools, and undeveloped properties

\*\*IMP is the property's impervious area

#### **Example for Commercial Property with no Credits:**

- (i) Impervious area of 16,600ft<sup>2</sup>.
- (ii) The first 10,000ft<sup>2</sup> is 1 ERU (\$2.50).
- (iii) The additional 6,600ft<sup>2</sup> is divided by 3,000ft<sup>2</sup> (1 ERU) = 2.6 ERUs, rounded to 3.
- (iv) 1 + 3 = 4 ERUs, multiplied by \$2.50 per ERU rate equals \$10.
- (v) This customer will be responsible for \$10 per billing cycle.

# Staff Report

CITY COUNCIL MEETING DATE: August 31, 2020

TYPE OF AGENDA ITEM: Action Item

---

TO: Mayor and City Council  
CC: City Manager, City Clerk, Staff and Attorney  
FROM: Trae Duley, Planning Administrator  
DATE: 8/27/2020  
SUBJECT: Resolution 20-13 to create a new Comprehensive Fee Schedule

---

## **BACKGROUND:**

The current fee structure associated with providing services to the public as well as fines for violations of ordinances, is over 30 years old. Some of the fees have been updated while most of the fees remain as they were and have not been updated for many decades. Some of the current fees are either obsolete or they do not recoup the City's costs of providing the service.

Fees are spread out through over 600 pages in the City Code of Ordinances having been enacted by ordinances, resolutions, and miscellaneous forms and documents, which make them hard to locate or change as needed.

Staff has identified a need to develop a new Comprehensive Fee Schedule document that is adopted by resolution. This is to locate all fees in one document that can be evaluated every year and adjusted as needed.

An Ordinance was presented to the City Council to rescind all existing ordinances that noted fees and point to this new Comprehensive Fee Schedule. That ordinance also enabled the City Council to approve a resolution enacting this Comprehensive Fee Schedule in keeping with the mandate found in Part II - Code of Ordinances, Chapter 2 - Administration, Article II. - City Council, Sec. 2-28.

The City Council approved the Ordinance on August 10 at second reading.

## **DISCUSSION:**

City staff has conducted an analysis of its many services, the costs borne by the City in providing those services, the beneficiaries of those services, and the revenues produced by those fees for said services. City staff provide many types of services involving requests by City customers; and the City currently imposes fees and development-related fees upon applicants to recover the costs of staff time, advertising costs, and other expenses related to providing these services.

Staff finds that providing these services is of special benefit to applicants, both separate and apart from the general benefit to the public; and therefore, in the interests of openness and fairness to the general public, staff has compiled all city wide fees into a single document entitled "Comprehensive Fee Schedule" to be enacted by Resolution. The proposed fees are based upon the information compiled by City staff and have been updated by staff to reflect an accurate cost to the City.

Based upon the fee study, Staff identifies the purpose of the proposed fees, identifies the use to which the fees

will be put, demonstrates a reasonable relationship between the fees' use and the types of projects on which the fees are imposed, and demonstrates a reasonable relationship between the amount of the fees and the cost of the City's services attributable to the applications on which the fees are imposed.

Staff has also identified the need for all City fees to be placed into a document enacted by Resolution. Therefore, the City Council can review, modify, alter, change or increase fees, rates, and charges by resolution when necessary as stated in, Part II - Code of Ordinances, Chapter 2 - Administration, Article II. - City Council, Sec. 2-28 (a). This can be accomplished as part of the annual budget review process.

The "Comprehensive Fee Schedule" provides a detailed listing of all fees by department. In each department section, fees are divided by the service and the enactment date of the ordinance or resolution. In each section table, fees are further grouped by activity or service. Each fee is listed with the adopted rate for the current fiscal year, the proposed rate or deletion of the fee.

Moving forward, this method allows for all fees and fines to be easily found by both the public and staff. It also allows for each department to have the ability to review their departments fees and fines. With the information residing in one document, the public and staff are better able to find the information they are in search of, reducing time and improving communication.

The resolution additionally provides for a twenty percent reduction of building permit fees for a period of six months which can be extended by the City Council for an additional seven months if the Council determines upon review that the discount will not have an adverse impact on the operational condition of the division.

Attached to this report are two items. The first is a proposal document showing all fees as they currently exist and it shows proposed revisions if there are any to that fee. The second attachment will become the official document. If the proposal document is acceptable to the Council, then the official document is what will be presented to the public for use. It reflects the description of the service or fine, the fee, and the resolution enacting the fee. Moving forward, as fees are reviewed and updated, subsequent documents will show different resolutions. If the council elects to make changes based on a review of the proposal document, those changes will be made to the official document prior to publication.

## **GOALS & OBJECTIVES**

This item is consistent with the goals in A New View Strategic Plan 2020 as follows;

**Foundational-** these are the areas of focus that make up the necessary foundation of a successful local government.

*Financial Sustainability-* Achieve long term financial sustainability

*Organizational Capacity, Effectiveness & Efficiency-* To efficiently & effectively provide the highest quality of public services

*Communication-* To engage, inform and educate public and staff

**Quality of Life-** these areas focus on the overall experience when provided by the city.

*Community Character-* Promote desirable growth with a hometown atmosphere

*Opportunity-* Promote an environment that encourages economic and educational opportunity

**FINANCIAL IMPACT**

Enacting this resolution does not on its own have an impact on the City budget. However, the amounts of the fees collected by virtue of this document will affect the revenue collected for the budget.

**RECOMMENDED ACTION**

Staff respectfully requests approval of resolution

**Attachments**

1. 2021 Comprehensive Fee Schedule
2. Proposed 2021 Comprehensive Fee Schedule

**RESOLUTION: 2020-13**

**A RESOLUTION OF THE CITY OF  
CRESTVIEW ESTABLISHING A  
COMPREHENSIVE FEE SCHEDULE;  
PROVIDING FOR A TWENTY PERCENT  
REDUCTION OF BUILDING PERMIT FEES  
FOR NOT LESS THAN SIX MONTHS,  
PROVIDING FOR REVIEW AND  
AMENDMENTS; PROVIDING FOR  
REPEAL OF CONFLICTING  
RESOLUTIONS; AND PROVIDING AN  
EFFECTIVE DATE.**

**WHEREAS**, there exists a need to provide a single document containing all fees and assessments charged by all departments within the City, and

**WHEREAS**, this document shall be reviewed and updated on a regular basis,

**NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF  
CRESTVIEW, FLORIDA THAT:**

**Section 1. Authority – Establishing a Comprehensive Fee Schedule.**

Pursuant to the authority of Section 2-28 of the City Code of Ordinances, the “Comprehensive Fee Schedule” is hereby created to adopt fee schedules as outlined in the attached document titled “Comprehensive Fee Schedule”.

**Section                    2.Reduction                    of                    Building                    Permit                    Fees.**

Upon adoption of this resolution, all Building Permit Fees will be reduced by twenty percent for a period of six months at which time the reduction may be extended for for an additional seven month period.

**Section 3. Review and Amendments.**

The “Comprehensive Fee Schedule” will be reviewed and amended as necessary. Amendments will be approved by the City Council and established by resolution.

**Section 4. Repealer.**

All resolutions or parts of resolutions in conflict with these changes are hereby repealed to the extent of the conflict.

**Section 5. Effective Date.**

This Resolution shall take effect on September 1, 2020.

Passed and adopted by the city council of Crestview, Florida on the \_\_\_\_ day of \_\_\_\_\_, 2020.
